PRICES REALIZED

THE PRICES LISTED HEREIN ARE THE PRICES OBTAINED FOR EACH LOT IN ACCORDANCE WITH OUR TERMS OF SALE OR THE PRICE AT WHICH THE LOT WAS RESERVED BY THE CONSIGNOR. IN THE LATTER CASE THE PRICE SHOWN IN THE PRICE COLUMN WILL CARRY A SUFFIX OF "R". THOSE LOTS WHICH WERE SUBJECT TO A CONSIGNOR RESERVE ARE AVAILABLE FOR SALE AT THAT RESERVE PRICE. IF YOU ARE INTERESTED IN ANY OF THOSE LOTS WHICH ARE INDICATED WITH AN "R", WE SUGGEST THAT YOU RUSH YOUR ORDERS TO AVOID DISAPPOINTMENT. THERE CASES WHERE BACKUP LOTS WERE AWARDED AT PRICES LOWER THAN PRICES INDICATED IN THIS LIST.

LOS PRECIOS INDICADOS EN ESTA LISTA SON LOS PRECIOS OBTENIDOS POR CADA LOTE, DE ACUERDO A LOS TERMINOS DE VENTA, O EL PRECIO DE RESERVA PUESTO POR EL CONSIGNADOR. ESTE ULTIMO LLEVA UNA "R" DELANTE DEL PRECIO. ELLO INDICA QUE EL LOTE NO SE VENDIO AL PRECIO DE RESERVA Y ESTA DISPONIBLE SI USTED SE INTERESA EN CUALQUIERA DE ESOS LOTES (MARCADOS CON LA "R"). HAY ALGUNOS CASOS EN QUE LOS LOTES DUPLICADOS RECIBIERON PRECIOS INFERIORES A LOS INDICADOS EN LA LISTA.

We would expect that the wise buyer will submit numerous bids, all at levels commensurating with his/her idea of the value of each lot. On items that he really wants badly, the serious bidder will bid well above the top estimate, recognizing that his bid will be reduced as per paragraph number 2 of the Terms of Sale, but also realizing that he may be in competition with other seriously interested bidders.

In those sections which show a PRICE RANGE FOR AN ESTIMATE, the low figures represent wholesale evaluations while the high figures indicate what a serious specialist would gladly pay for the lot. Bids less than the lower of the two figures will most likely be unsuccessful; bids above the higher figure will most likely be successful and subject to reduction as outlined in paragraph number 2 of the Terms of Sale.

In those sections where ONLY ONE ESTIMATE IS GIVEN WITH A PLUS MARK, these estimates represent what we believe to be a fair WHOLESale PRICE and/or the reserve. In many cases, these single estimates will not be accepted. Generally speaking, our estimates should serve as useful guides, but bidders should use their own knowledge and experience as the final tools to determine their bids.

We make the following suggestions to all bidders:

- (1) Bid what you wish on each item, but keep the estimate and reserve prices in mind lest you waste your opportunity to acquire an item you particularly desire.
- (2) Bid the maximum bid you would pay for the lot, recognizing that if your bid is high relative to other bids, your bid will be reduced in accordance with paragraph 2 of TERMS OF SALE.

At the conclusion of the listing of all lots, we have observed that many of our estimates in the Paper Money Section as well as the Gold Section, may be considered low and are expected to realize prices at above our estimates. We make this observation based on the increased interest in Paper Money and the ever-increasing interest in Gold. So also, all rare numismatic items are finally being recognized as such and are finding their ranks in value.

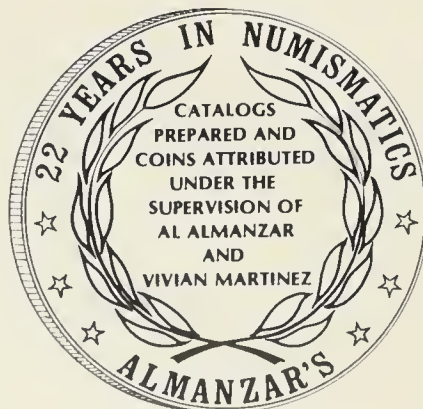

Requests for additional information, confirmation of the grade, date, mint mark, etc., of any particular items, or any similar individual questions are welcome and will be answered as promptly as possible.

An asterisk (*) before the lot number indicates that the actual lot offered for sale is photographed. we can furnish photos (obverse and reverse) of all lots upon request at a charge of \$3.00 per item.

TERMS OF SALE

1. This is a mail bid sale. All bids, whether by mail, phone or cablegram must be received not later than 5:30 p.m., Central Daylight Time, on Date of Closing. Phone bids must be confirmed by mail.
2. All lots are sold to the higher bidder unless of course, the reserve is not met. Bids are reduced up to 10% above the second highest bid or reserve price unless the item exceeds \$500.00 in which case the reduction will only be 5%. No reductions will apply to bids of \$10.00 or less in the regular section of the auction. Reduction will apply to bids of \$5.00 or more in the Budget Section.
3. A 5% Buyer's Charge will be added to the price realized on each lot. This Charge will be added to ALL invoices.
4. An estimate is given for most lots. These estimates simply represent the owner's idea of the value of the item or our professional opinion as to what each lot is worth. THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER AT YOUR DISCRETION. We recommend that if you seriously want a lot, you should bid close to or over the estimate given herein.
5. All bids should be made by lot number and only in United States funds. PLEASE MAKE SURE YOUR BIDS ARE LEGIBLE. (YOU are responsible for any error you make).
6. TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID FOR PROMPTLY IN U.S. FUNDS UPON RECEIPT OF INVOICE. We expressly reserve the right to request full payment before delivery from any successful bidder even if satisfactory references are submitted. Visa/BankAmericard or Mastercard may be used to pay for successful bids provided the purchaser agrees to pay the 3% service charge billed to us by our Bank.
7. Postage, Insurance or Registration and/or Handling Fees are added to all shipments. Foreign bidders will be charged a percentage of the total value to partially cover insurance fees. Foreign bidders should advise us if special shipping instructions are necessary.
8. Sales Tax is added to all lots delivered in Texas unless a valid resale number is presented.
9. This sale is NOT an approval sale. All items in this catalog are guaranteed to be genuine (unless otherwise described) and to be as listed. All claims for adjustments must be made within five days of receipt. Cataloging will be cheerfully and promptly corrected. No returns are permitted after settlement is made with our consignors. As such, the return privilege for any reason is null and void 60 days after the sale date.

ALMANZAR hereby includes in this listing, a number of HISTORICAL AND RARE EARLY NOTES OF FRANCE:

The poor financial position of France forced King Louis XIV to carry out a "reformation" of the coins in circulation. In 1703 he ordered coins to be withdrawn, over stamped, and then reissued at a higher rate.

RECEIPTS were issued for the withdrawn coins and this so-called coin scrip was declared legal tender.

The continued indebtedness of the government persisted even after the King's death, and it was therefore not astonishing that the Scotsman John Law's ideas for the restoration of the government finances were gladly seized upon. Law wished to increase circulation of money by issuing bank notes and promoting credit. In 1716 he received permission for founding the Banque Generale which issued "Ecu" (Taler) in the form of notes.

IN 1718 the bank was taken over by the government. With the notes later made out of "Livres Tournois" and the shares of the two colonial companies "Compagnie des Indes" and "Compagnie D'Occident", Law indulged in a dangerous financial and stock exchange scheme which resulted in 1720 in a tremendous catastrophe. The bank was closed and Law had to leave France, abandoning his assets. THIS was not to remain the only French experiment with paper money in the 18th century. France's ever-unfavorable financial position deteriorated still further through the revolution. The receding revenues of the government faced increased demands in the face of burgeoning expenditures. In accordance with a plan worked out by Tallyrand, the first assignats were issued in 1790, for which confiscated Church property was to serve as security. Notes of the first issue bore interest, while the later issues did not.

FOR relieving the shortage of small change, many towns and municipalities issued so-called "Billets de confiance," of which a few thousand types were in circulation. The government, too, was not printing assignats in small denominations. Simultaneously the issues of higher value were continually being increased.

THE Royal Assignats were substituted at the inception of the Republic by new issues which were themselves superseded in 1795, upon the introduction of the metric system, by assignats of Franc currency. On January 1, 1796, over 27 million Livres in assignats were in circulation, the value of which merely amounted to one-half of one percent of the face value.

FOR the purpose of restoring confidence in the currency, it was decided to abolish the assignats and to issue a new type of paper money, the "Mandats Territoriaux." At a conversion ratio of 30 to 1, "Promesses des Mandats Territoriaux" were initially issued for the assignats to be converted. The actual mandats were later issued only in small quantities. Even this new kind of paper money was unable to put a brake on inflation, though. Within a few weeks the value of the mandats dropped by 95 percent. By November, 1796, all notes were declared worthless.

AFTER the disappearance of the assignats and mandats, a number of note-issuing banks originated. Their notes, however, circulated only in small quantities. Out of one of these banks the "Caisse des Comptes Courants," the Bank of France was founded in 1800 due mainly to the influence of Napoleon.

We proudly announce the release of our new publication, Pillars and Portraits Four Reales of the New World. No doubt the most comprehensive publication on the subject and one which is sure to become the standard reference in its field.

The numismatic knowledge of both authors is well known. Those whom have been active customers and just about everyone connected with international numismatics is aware of Mr. Almanzar's twenty-two year of experience in worldwide coinage and most recently, his specialization on coinage of Latin America.

Darwin B. Palmer, Jr. became a collector in 1954. First studying United States large cents, he is now considered an authority on the series. He is credited with articles in "Penny Wise" the literary arm of the early American coppers Club. Not fully satisfied in 1968, he turned his attention to that of Spanish Colonial Coinage.

To compound the author's knowledge, they also had a panel of contributors, all of which are well known numismatists. Among them - Mike Dunigan, Clyde Hubbard, Pat Johnson, Michael McCormick, James Shipley and Richard Stuart.

The book is illustrated throughout. Each date and overdate is referenced and evaluations are given in four grades and in addition to photos of types, close-up photos of varieties are also featured (110 illustrations). The reference numbers set forth in this book are being used throughout this auction catalog (PA#). We suggest you order immediately - only 1,000 copies issued (500 Soft Cover and 500 Hard Cover).

Soft Cover \$11.50
Hard Cover \$18.50
Volumes will be gladly autographed upon request.

*1727	-E110, Y7, 1 Peso 1859, VF with hole at 12 o'clock, the Carrera Pesos dated "1859" exist in two major Obverse varieties which have gone unpublished until recently. They include: 1st Obverse- no period below "E" and "A" of the "PE" and "RA" in legend; 2nd Obverse- same as that of the 1859R with period below the "E" and "A". In actuality, when taking the above into consideration, the second variety is a muled coin made up of the Obverse of the 1859R and the Reverse of the 1859 (plain). This variety (with the periods) is probably extremely rare and accounts for the reason that we only encountered one specimen in this "Lifetime Endeavor Collection" where a total of seven of the first (no period) type were found.	800-1,000

*2713	-MEXICO-WAR OF INDEPENDENCE-GUANAJUATO- 8 Reales, 1813JJ, with multiple c/s as follows: (1.) C/S J.M.L./P.G. for Jose Maria Liceaga (See KRAUSE KM-262.3) (2.) C/S L.V.S. for Labor Vincit Semper (See KRAUSE KM-264.1 - 264.3) (3.) C/S Monogram which appears to be initials G.R., which seem unpublished. (4.) The serrated type marking to the left of bust, probably has some meaning. Longer serrated markings are sometimes found in C/S coinage of Guatemala, mostly when found in El Salvador, which seem to indicate a private hacienda marking. In any case, this serrated marking is somewhat smaller. The original coin in itself is one of the rarest dates for Guanajuato mint and the numerous c/s add to the importance of the coin; Expected to bring in EF	600+
